TABLE TOPS

WOODEN TABLE TOPS

Our wooden tabletops are available in both standard and made to order sizes & finishes to guarantee you get the perfect drinking & dining surfaces for your space. Width, length, depth and polish colour can all be specified for ash, beech, oak and pine tops, and our sales team will happily guide you through the correct pairing of table bases to meet stability and style considerations.

ASH

Ash is a beautiful hardwood that offers aesthetic appeal and durability in equal measure. Attractive grain patterns give a high-quality look that can be accentuated or muted with the right choice of polishing option.

BEECH

Beech is another hardwood that offers a very traditional and stylish look. Although its grain patterns are not as pronounced as the other Ash or Oak we offer, Beech still delivers all the other benefits and is the most cost-effective hard wood.

OAK

Our craftsmen manufacture these super stylish table tops from solid oak panels fixed to a timber substrate. Their unique look provides a very sophisticated aesthetic, with oak's hard-wearing characteristics ensuring the look can be maintained for the long term.

POLISHED PINE

RUSTIC PINE

Our highly versatile pine tabletops come with your choice of either a rustic (rough) or polished (smooth) finish. The combination of prominent grain patterns and the way this softwood accepts stains and waxes means a look can be heavily customised to meet the aesthetic and tactile requirements of almost any venue.

LAMINATE TABLE TOPS

Laminate table tops are light weight, durable & cost effective, with thousands of finishes, including wood or stone effect, textured images and even bespoke graphics to choose from. Below are a few examples of the finishes we hold in stock at 700mm square and round, but we can manufacture these and many more to almost any size so please see our website or speak to our sales team to discuss your options.

Please also see our range of compact laminates on pages 233, which are suitable for indoor and outdoor use.

GRANITE

Highly durable and stain resistant.

MARBLE

BESPOKE SERVICE STATIONS AND COUNTERS

Carmen
Dumbwaiter

As with all of our bespoke case goods, our dumbwaiters, service stations and counters can all be made to your exacting specifications. We can use timber, stone, metal and laminated board to create the perfect storage unit to meet your pub, bar or restaurant's aesthetic and practical needs.

Our sales and project teams are here to discover your requirements, help design the right piece of furniture and guide you through the finishing options before passing everything through to our production team for manufacture. We will then inspect the finished product(s) for quality, subsequently delivering and installing all good in your premises.

With the Contract Furniture Group your customised furniture projects are in safe hands.

MATTRESSES

Contract Furniture Group are very proud to introduce our latest range of contract beds and mattresses for the hospitality, educational and healthcare sectors. All our beds are produced to a high standard and manufactured in the UK.

Our experience over the years has resulted in us being able to offer our greatest selection of styles and specification levels ever. We really do believe in putting you, the customer first, every time. High quality contract beds, exceptional levels of customer service and our own fleet of modern vehicles allow us to deliver very cost effective solutions to perfectly match your requirements for contract beds.

As is legally required in today's contract beds market all of our products are manufactured to minimum standard. One service provided is our full "room by room" bed inspection report. This is an honest, un-biased inspection of the condition of all mattresses and bases, resulting in a written report being supplied and any recommendations by us. This is a true cost saving exercise, ensuring that only worn and damaged contract beds are replaced.

Another time and money saving service available (priced on enquiry) is our full "room by room" installation service. This entails positioning contract beds and mattresses into each room and removal of all packaging. This is a relatively cost effective service and lots of our customers have found it to be very useful.

Call our team to arrange a site visit.

As with our laminate table tops, the choice of sizes and finishes is almost limitless, with the below being just a selection of our stocked 12mm thick models that come pre-drilled in a variety of sizes.

MANHATTAN PERGOLAS

Transform outdoor hospitality areas into spaces that can be used come rain or shine with our fantastic new Manhattan Pergolas.

Pergolas add a touch of beauty to any outdoor space, they provide shade, create a pleasing form, and offer a charming setting for casual dining and socialising. Whether you're looking to enhance your existing outdoor area or link your indoor areas to your external areas cohesively, our metal pergolas can help you do just that.

- Water runs through the louvers to channels in the cross beams, and dissipates through the pergola's feet.
- Pole twist mechanism effortlessly opens and closes roof louvers to keep out rain and let in sunshine as the weather changes.
- All units come with a full fitting guide, or our installation team will deliver and fit the unit in a single day.
- Multiple units can be joined with waterproof strips to create larger undercover areas.
- Retractable and adjustable screens can be fitted to up to three sides.
